mail in an envelope addressed to: **DIRECTOR, U.S. PATENT AND
TRADEMARK OFFICE, WASHINGTON, D.C. 20231**, on this 19th day
of July, 2001.

09863052-081001

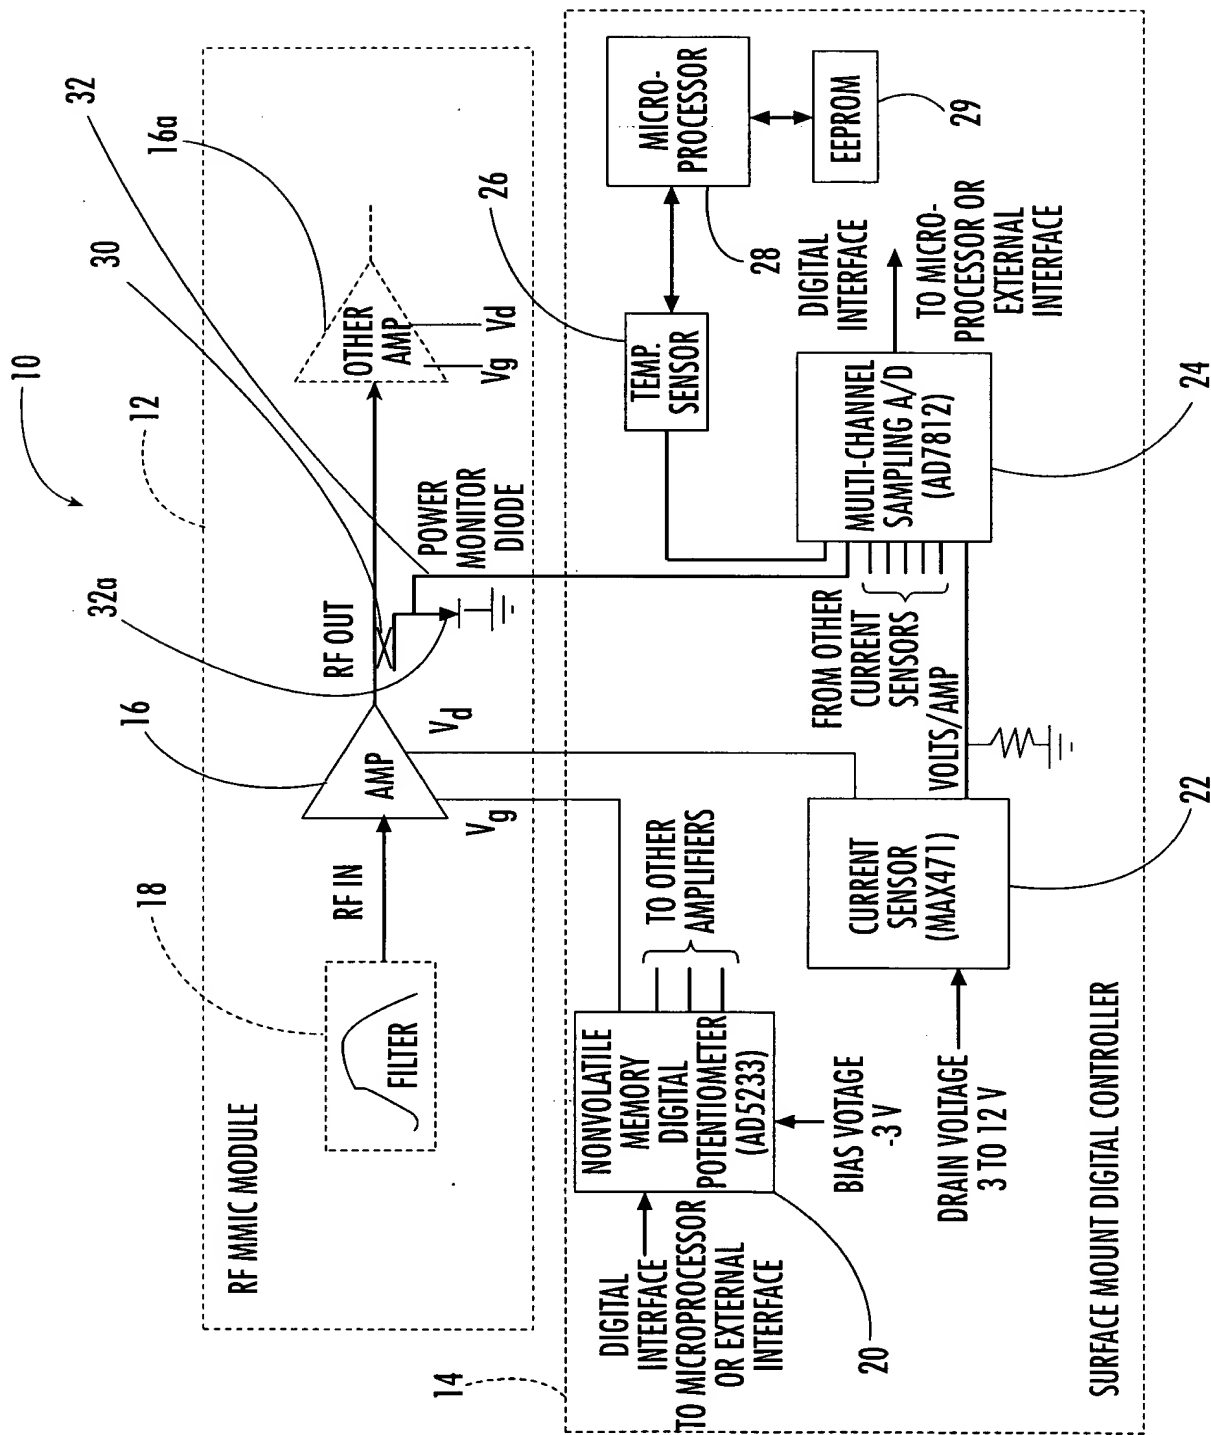

FIG. 1.

Figure 1 consists of 12 bar charts arranged in a 3x4 grid. Each chart compares the percentage of respondents for a specific variable across four groups: 'All respondents', 'Non-respondents', 'Non-respondents who did not respond to the survey', and 'Non-respondents who did not respond to the survey but who responded to the survey'. The variables are: Age, Gender, Education, Income, Marital Status, Employment Status, Political Affiliation, Religious Affiliation, Race, Ethnicity, Household Size, and Household Income. The charts show that the 'All respondents' group is generally more diverse than the other groups, which tend to be more homogeneous.
